# Open call for art submissions

EXHIBIT OPEN: 12.13.21 - 03.31.22

As Greater Phoenix's premier economic development organization, we not only aim to attract economically sustainable businesses but strive to highlight the beauty and diversity of our incredible region through the curation and virtual display of locally sourced art.

## Virtual Exhibition Theme: The Ties That Bind

Greater Phoenix is known as a melting pot. A community that is made stronger from the diversity we each bring. While we continuously work to widen our net of inclusion, let's take a moment to celebrate our individual family origins. This exhibit is meant to weave together a beautiful tapestry that highlights the diversity that is found here in Greater Phoenix and how we've embraced our differences to make us stronger as a whole.
